Allow six weeks from receipt of complete application and documents to receive your rebate.

I hereby certify that all information is accurate, including claims of customer and equipment information. I have purchased and installed a qualifying pressure regulating valve (PRV) on the irrigation system per the attached receipt. I have read all terms and conditions on this form and acknowledge that City may verify all the information provided. I understand and agree that my water utility account may be monitored by the City of St. George for the sole purpose of evaluating prior and post rebate water use in order to determine the effectiveness of the program. I understand that submission of this application DOES NOT relieve me of my obligation to pay my utility account on time and in full while waiting for the rebate to be processed.

Rebate Availability

City rebate program has been approved by the City Council and may be subject to change or modification at any time. PRV's must be new, must be purchased and installed prior to submitting a rebate application, and must have been purchased and installed on or after Sept 21, 2011. Applications must include all information requested. Failure to provide this information may result in the delay or denial of the rebate.

Rebate Qualification

This program is open to existing City of St. George water utility customers. This program offers a rebate for installation of a new PRV on irrigation systems. This program will run from September 21, 2011 until June 30, 2013 or funds are depleted, whichever occurs first.

Application Details

Applications are subject to verification by City. If your application is selected for verification, it will not be processed until the verification process is satisfactorily completed. Rebates will be paid in the form of a credit issued on the utility account. The exception to payment in the form of a credit on the utility bill will be made for a land-lord making improvements to a rental unit or City of St. George Water Services customers on the Dixie Escalante Electric system and pays their water bill through a common Home Owners Association water utility account.

City is not responsible if your retailer or contractor provides inaccurate information about the amount and/or conditions of the actual rebate and City will not pay rebates for fixtures that are mislabeled or misrepresented by dealers regarding rebate qualifications.

Rebate Limitations and Limitation of damages

Payment of the rebate by City does not warrant the performance of qualifying/installed PRV and does not guarantee any specified amount of water or cost savings. The customer shall independently evaluate any information related to the qualifying PRV.
