Subject: Vendor information

To whom it may concern:

St. George Fire Department is holding The Utah State Firemen's 102<sup>nd</sup> convention in June 9th-12th 2010. There are going to be close to 300-400 members with their spouse from departments throughout the state attending this convention.

I have spoken with each one of you either by phone or in person about being a vendor during this convention. We have 50 tables open for vendors and 3 "table top" only displays. So, if you still want to be a vendor during this event please call or email me and let me know before sending the information back to us. In addition, if you want more options for your booth such as power, easel board, etc., you must contact the Dixie Center to get that arranged those charges will be extra and payable to the Dixie Center. When you buy the booth space through the fire department, you are getting the basic package (see vender registration form for details on booth).

If you do not want a booth, we are accepting gifts for prizes. We are trying to encourage the participants by giving away prizes at various points of the convention. We are asking businesses for donations that will be used in the raffle and/or auction. We would greatly appreciate any offering you would be able to provide. We are looking for merchandize or other any other item you could donate. If you decide to contribute a donation, your business will be acknowledged in the convention booklet and as prizes are awarded to members.
