

SunTran is the City of St. George's public transit system. Whether you need a ride to work, school, shopping or somewhere fun, we offer you an easy, comfortable and economical alternative to driving. St. George is committed to providing public transportation service that shines!

This guide has been designed to provide everything you need to know to ride SunTran. However, if you have any questions, please call us at 673-TRAN (8726).

### Four Convenient Routes

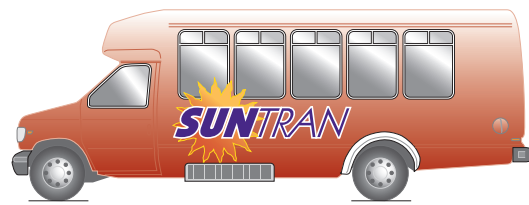

SunTran buses provide service on four routes throughout St. George. Buses run Monday through Saturday from 6:00 a.m. to 8:00 p.m. The four routes connect at our Transit Center at Dixie State College 100 South 1000 East. All routes depart from the transit center every 40 minutes.

### Comfortable Buses

SunTran's eye-catching buses are climate controlled for year-round comfort and are fully wheelchair accessible. Our buses are also equipped with bike racks so you can bike to the bus stop and then take your bike along for the ride.

### Over 60 Bus Stops Citywide

SunTran buses pick up and drop off passengers at over 60 bus stops throughout St. George. Each stop is marked with this type of sign. For safety and convenience, many stops are located off of the highway in parking lots or on side streets. If you are

unsure of the location of a stop, call us for directions. To make riding SunTran as comfortable as possible, we will be adding bus shelters at popular bus stops.

### Customer Service

For personal trip planning assistance or to comment on our service, call us at 673-TRAN (8726). We value your feedback.

Service animals are welcome. Non-service animals may travel on the bus if secured in a cage.

### Lost and Found

If you've lost an item on a SunTran bus, it may be claimed by calling our office at 673-TRAN (8726) during regular business hours.

### How to Use This Route Map and Schedule

This guide includes everything you need to plan your trips on SunTran.

On the reverse side of this guide is a route map which shows each of the bus routes. In the lower left of this page are schedules for each of the routes. Follow these easy steps to plan your trip.

1. Begin by finding the points where you are traveling to and from on the map. You will be able to see which route or routes connect your start point and destination.
2. Now find the schedule for the route you will be using first. (The schedules are color coded to match the color of the routes to which they correspond.)
3. Note that the schedule includes only major stops (not every bus stop) so find the timepoint closest to where you will be boarding the bus.
4. Read across the row to see the time that the bus will pickup at your stop.
5. Now find the bus stop where you wish to travel to. If your destination is on the same route, simply read down from your pickup time to the row for your destination bus stop to see your arrival time.
6. If you need to transfer from one route to the other, note the time your first bus arrives at the Transit Center. Then go to the second schedule and find the time for the next departure from the Transit Center. Read down from the Transit Center departure time to the arrival time for your destination bus stop.
