- ◆ Machines eligible for the rebate
- ◆ Commercial rebate application.

Rebate Amounts

- ◆ Apartment complexes are eligible for \$150 rebate per machine replaced.
- ◆ Coin operated facilities are eligible for \$225 rebate per machine replaced.

Rebates will be applied to the customers utility account.

Participation is limited and subject to program rules.

Water Conservation

Is more than a drought period catch phase. It should be the way Utahans always approach critical responsibility to carefully manage our water supplies.

Recognizing this responsibility and responding to the requests of our customers to offer conservation rebate programs, the Water Services Department is pleased to announce an Water Efficient Appliance Rebate Program.

Funding provided by:

- ◆ City of St. George Water Services Department
- ◆ Bureau of Reclamation
- ◆ Washington County Water Conservancy District

Water Efficient Appliance Rebate Program

For more information visit www.sgcity.org

RESIDENTIAL REBATE PROGRAM

The Water Efficient Appliance Rebate program is a City of St. George program. It is effective from June 1, 2007 through May 31, 2009 or until funds are depleted. The City of St. George reserves the right to cancel or modify the program during that time. Rebates are offered independently of any sale price or rebates that may be concurrently offered by manufacturers or vendors.

This rebate program targets efficient dishwashers and clothes washers.

Water Factor is a measurement of the amount of water used per cycle.

Dishwashers with a water factor of 5 or less and an energy factor of at least .67 are eligible for a \$50 rebate.

The rebate for clothes washers varies with the efficiency of the machine. Resource efficient models use 35 - 50% less water. This reduction in water use reduces the amount energy needed to heat the water (approximately 50% less energy), saving both water and energy.

Please see City's website for the following information

- ◆ A list of qualifying machines and the corresponding rebate amount.
- ◆ Please see the list of approved models available on the conservation page of the City's website, www.sgcity.org.

Rebates will be applied to the customers utility account.

Participation is limited and subject to program rules.

Residential Water Savings Appliance Rebate Form

To receive your rebate, please fill out this form and mail it along with the proof of purchase that **shows the appliance, including model number purchased and the price** to the address listed below or return it with your utility payment.

Name: _____

Address: _____

City: St. George, UT Zip Code: _____

Water Utility Account Number: _____

Or

I pay my water bill through an HOA (please specify)

Rebate amount will be credited to your water bill. Please allow 4-6 weeks for the credit to appear on the bill.

I have installed the appliance purchased per the attached proof of purchase. I give permission for my water use records (one year prior to and one year following this rebate) to be examined by a City of St. George representative for the sole purpose of determining the effectiveness of this program in reducing water use.
