What’s Going On Around St. George?

7 VIRTUES OF ST. GEORGE

By Ben D. Mahaffey

Calendar of Events

Contact Info

The Empire Strikes Back was a huge hit with me and many other moviegoers. The Miracle on Ice stirred patriotic feelings nationwide. The Pittsburgh Steelers had just won their fourth Super Bowl in six years. It was 1980, significant because that was the year the City of St. George began operating in its current City Hall building, located at 175 East 200 North.

It was, and is, a great home base for our city operations. It was built to handle the services of the approximately 12,000 residents and had room to spare for the inevitable growth of St. George. Yet who would have known that 40 years later we would have about 90,000 residents?

By any measure, we have outgrown our current building. But instead of starting over at a new location, our City Hall is staying put — and undergoing a significant expansion and facelift. It’s a daunting task, but it’s the most fiscally responsible way forward for us.

Support Services Director Marc Mortensen has worked tirelessly with JRCA Architects to come up with a plan that will expand the capacity of our city campus to handle the increased needs of our citizenry. This will be accomplished in three phases:

Phase 1A consists of relocating our 911 Communication Center from the Police Headquarters building to City Commons across the street. The new location provides great operating space for a team that dispatches emergency personnel countywide. Phase 2 involves expansion of the main city parking lot, done primarily with the construction of a two-level parking garage immediately west of City Hall. We are also adding spaces to the west of the Police Headquarters. All told we will have a net increase of approximately 79 parking spaces.

• Phase 1B involves the expansion of the main city parking lot, done primarily with the construction of a two-level parking garage immediately west of City Hall. We are also adding spaces to the west of the Police Headquarters. All told we will have a net increase of approximately 79 parking spaces.

• Phase 2 is the main City Hall. Our lobby area will see a vast upgrade to accommodate a new 311 Customer Service Center. It will be easier to access the department you seek as it will have a more intuitive layout. This phase also includes expanded office space and a larger and more versatile Council Chambers. The building will also be much more secure after hours.

• Phase 3 involves expansion of the Police Headquarters, with larger work spaces for our Investigations, Patrol and Records divisions. We will build out to the east of the building, where a small parking lot currently exists.

During the renovation project, City of St. George personnel who work at City Hall will be moved to one of two locations, the sites be determined shortly. I wish I could tell you right now just exactly where, but we are waiting for the agreements to become official. Our Communications and Marketing Director, David Cordero, will help spread information to you the moment it becomes available.

Our goal is for this expansion to last decades into the future, giving us the infrastructure to tackle our expanding population for years to come. And who knows, maybe they will still be making Star Wars movies in 40 years, when I’m 94 years old! If so, I hope to be there with you watching the Jedi win once and for all!
Bryan Smethurst Joins St. George City Council

By David Cordero

Bryan Smethurst had just retired from the U.S. Army National Guard after a highly decorated career spanning 36 years. He had recently moved to St. George and took a job making deliveries for Kustom Container. A Dixie High School graduate who spent his formative years in St. George, it was a welcome homecoming for Smethurst.

He wasn’t sure what lay ahead, yet his stepfather, St. George City Councilman Joe Bowcutt, had an idea.

“He told me he thought I should think about running for City Council when his term was up,” Smethurst recalled. “I didn’t think much about that conversation until he passed away.”

Bowcutt, so beloved for his friendly and caring demeanor, died suddenly Aug. 31 in St. George. By state law, the City Council had 30 days to appoint Bowcutt’s successor. Spurred on by supportive friends, Smethurst threw his hat into the ring.

On Sept. 30, the Council convened to hear 3-minute speeches from 28 candidates. Smethurst strode to the microphone. He cited the core values he lives by: loyalty, duty, respect, honor, integrity and personal courage. Then he spoke about how he would interact with the public.

“I want to use everyone’s views and ideas to help in the decision-making process to come up with the best solutions, as a team, for our community,” Smethurst explained in front of a full Council Chambers. “I will work hard with the other council members and the community to carry on our heritage as our community grows.”

Smethurst’s speech resonated with the Council. He won by a vote of 3-1. Vardell Curtis received the other vote.

Bowcutt might have characterized the appointment as “awesome.”

“I will never fill his shoes — just follow in them,” Smethurst told reporters shortly after his appointment to the Council. “I don’t think I could ever try to fill them; I think I need to make my own way — and he would want that, too. Take his legacy and build on it.”

In Smethurst, St. George has a council member well-versed in service. He served with the Utah Army National Guard at the state level and deployed to Afghanistan, reaching a rank of Command Sergeant Major. Smethurst also served as a volunteer EMT and was a member of the St. George Lions Club.

“I love St. George because I can wake up on any given morning and spend the day doing almost any outdoor recreational event I would want to do,” Smethurst says, “but most of all it is the residents of St. George that I love. They are amazing and I am proud to say they raised me well.”

Smethurst and his wife Becky have three children and four grandchildren. His term will end in January 2022.
In January 2020, Dominion Energy Utah will begin installing a 7-mile section of natural gas pipeline in St. George and Washington County. The pipeline, called Feeder Line 133 (FL133), will add capacity to Dominion Energy’s existing natural gas pipeline system to serve the growing needs of the community.

The pipeline’s route runs along 450 North and Red Hills Parkway. The 12-inch pipeline will provide vital capacity for natural gas supplies delivered daily to thousands of homes and businesses in St. George and Washington County. We expect FL133 to be in service for many decades to come, meeting the community’s demand for affordable, abundant and clean-burning natural gas.

Most of the pipeline will be installed within current road alignments, but some work will take place in easements on private property. Furthermore, a portion of the alignment will require boring underneath I-15.

To expedite construction, multiple crews will be working simultaneously at various locations during the project. Crews may also work on weekends. Allowing for weather and other demands, construction is scheduled to begin in January and is expected to be completed in 2020. No interruption to residents’ natural gas service is anticipated during this project.

During construction, crews will make every effort to maintain traffic flow in both directions on affected streets, but temporary lane restrictions and closures can be expected. Crews will work diligently to maintain access to businesses, driveways, sidewalks and parking spaces. However, residents who live directly adjacent to the right-of-way may experience brief periods of restricted parking to allow movement of pipe and equipment. During these periods, temporary parking will be available.

Public safety is of paramount importance to us. Residents can do their part to ensure that construction proceeds safely and on schedule by driving carefully in construction zones and by keeping children away from open trenches, construction activity and all construction equipment during and after working hours.

For more information about this project, please visit DominionEnergy.com/FL133.
**WINTER WATER**

Most of us don’t think about water conservation in the winter months. This is however, a good time to evaluate your indoor water use and plan for the spring irrigation season. Hopefully you’ve turned your irrigation system off for the winter. If so, the number of gallons consumed as shown on your monthly statement will reflect your indoor water use.

Leaks are one of the most common, but hard to find, cases of unexpectedly high water bills. Many small leaks can be undetected for years because the source of the leak is not visible resulting in anywhere from 2,000 to 20,000 gallons of water loss per year.

### A Whole House Meter Check for Leaks is Easy to Do

1. Make sure all your water is turned off inside and outside the home; this includes ice makers, clothes washers, dishwashers, etc.
2. Write down the reading on the meter and wait 15 minutes. Make sure no one uses any water during this time.
3. Check the meter reading again, if the meter shows usage it might be due to a leak.

This test only verifies large leaks and doesn’t tell you where the leak is located. You’ll need to investigate further to find the leak.

### Areas to Foam or Caulk

- **A**: Along the gap between the sill plate and the foundation
- **B**: At the bottom and top of the rim joist on each side of the house
- **C**: All electrical, water, or gas penetrations and any venting ducts that pass to the outside

**WINTER CAULKING**

Winter is often the time of year when you notice the air leaks in your home. The leaks feel like drafts around windows and doors and you may think these are the major cause of wasted energy. However, the hidden leaks in attics and basements are often the most significant reason for rising energy bills. These leaks are often hard to locate as they are hidden under insulation.

Recommended insulation levels are specified by the R-Value, which is a measure of the insulation’s availability to resist heat traveling through it. The recommendation for most attics is to R38 which is between 10 to 14 inches in depth depending on the type of insulation.

Look in your attic. If you can see the joists, it is worth considering adding more insulation.

### Insulation Below or Level vs Above Joint

Adding insulation and sealing air leaks in unfinished basements and crawl spaces can result in significant energy savings when done correctly. The rim joist area is a common source of air leaks. It is recommended that penetrations that go through the basement ceiling to the floor above be sealed. The Energy Services Department will provide more information on this topic at an Energy Efficiency workshop on Feb 12, 2020 from noon to 1 p.m. in the council chambers at City Hall – 175 E 200 N.

### Winter Water Conservation

This season make sure your home is ready & efficient.
Autonomous shuttle to highlight 2020 Transportation Expo

By Karen Roundy

The 2020 Dixie Transportation Expo offers a unique opportunity for residents to gain an understanding of a variety of transit projects, road projects, traffic light projects and bike trail developments. Admission is free at the Expo, set for Feb. 11, 2020 from 10 a.m. to 6 p.m. at the Dixie Convention Center.

The Utah Department of Transportation (UDOT), in partnership with the Utah Transit Authority (UTA), has launched an Autonomous Shuttle Pilot in the state of Utah. Autonomous shuttles are electric vehicles with capacity for six to 12 passengers. They do not have a driver’s seat, a steering wheel, pedals, or other features usually associated with traditional vehicles. The shuttle follows a pre-determined route, but reacts to other vehicles and pedestrians in real time as they are encountered. A “Shuttle Host” is usually on board to turn the vehicle on and off and monitor operations.

The autonomous shuttle gives the public a first look at a completely autonomous vehicle. The pilot is the technology testing period and will provide the public the opportunity to experience and better understand autonomous technology and provide feedback as we shape the future of transportation in Utah. For more information and to find the next tour stop, visit www.avshuttleutah.com.

St. George Half Marathon set for Jan. 18

The longest running 13.1-mile race in Southern Utah returns, filled with passionate runners, gorgeous views and mild winter temperatures in the 38th annual St. George Half Marathon presented by Altra is set for Jan. 18 at 9 a.m. This spectator-friendly race begins and ends in front of the Dixie Convention Center.

“For nearly four decades, runners flee the winter chill to come to the St. George Half,” said Aaron Metler of St. George Races. “This is a USA Track & Field certified race—and it is in the middle of January. The typical high temperature for that day is about 55, which is perfect running weather.”

Metler said that most years approximately 80 percent of the competitors hail from outside Southern Utah, including a high percentage from the Wasatch Front. He’s expecting approximately 1,500 participants.

Those seeking a less physically taxing experience can participate in the 5-kilometer race at 9:15 a.m. The kids’ Fun Run Walk’n Roll begin at 11 a.m., and includes distances of 1-mile, ½ mile and 200 meters.

Festivities begin Friday, Jan. 17 with the race expo, set for 2 p.m. to 8 p.m. at the Dixie Convention Center. There will be food, vendors and members of the health and fitness industry on site. Race participants will pick up their packets and there will be an opportunity for late registration to some of the events.

Mayor to address City on Feb. 5

By David Cordero

St. George Mayor Jon Pike will discuss a variety of topics pertaining to the City and its future during his 6th annual State of the City address, set for Feb. 5 at noon in conjunction with the St. George Area Chamber of Commerce luncheon at the Dixie State University Gardner Center Ballroom.

Members of the public may attend for free; however, those wishing to eat lunch must register ahead of the event at www.stgeorgechamber.com. Payment of $20 for lunch can be made online or at the event. Check-in begins at 11:30 a.m. and the mayor’s speech will begin at noon.

Those unable to attend Feb. 5 have several viewing options. The speech may be viewed live on local cable, TDS Channel 22. Online, it can be seen at www.sgcity.org as well as the City’s Facebook page, www.facebook.com/cityofstgeorge.

Mayor Pike will mark the achievements of several departments in 2019 and follow with “More Happening Ahead” — a rundown of planned items involving e-government, conservation, public safety, arts, parks, recreation, transportation, infrastructure and economic development.
1. North Pole Express at Thunder Junction brought joy to kids of all ages in December.

2. Military veterans of World War II and the Korean War prepare to participate in the commemoration of Pearl Harbor Day at Tonaquint Cemetery.

3. Community members participate in Public Power Week, an event that involved many municipalities within Southern Utah.

4. Two enthusiastic participants revel in the beautiful weather during the St. George Marathon.

5. Public Works Director Cameron Cutler is interviewed by KUTV’s Bronagh Tumulty and photojournalist Ben Pollchik.

6. Community Development Director John Willis and Mayor Jon Pike pose with Willis’ Southern Utah Home Builders Association Defender of Housing award.

7. Mayor Pike chats with KDXU’s Andy Griffin shortly before the 2019 St. George Marathon.

8. Mayor Pike poses with St. George resident Marianne Hamilton, who competed in the Miss Senior Universe pageant.

9. City of St. George employee Stephanie Sparks, second from right, with her work colleagues after she was naturalized an American citizen.
Seven years of living in St. George has convinced me that this city is the best-kept secret in the country. Its virtues fall into several categories.

**First**
The people are the friendliest and accommodating as any that I have met in the many places where I have lived. The populace is cosmopolitan. The large number of retired and local people includes descendants of pioneers to professional and trades people of all types. We have doctors, attorneys, professors, contractors, teachers, postal workers, welders, mechanics — and I am married to an epidemiologist.

**Second**
The shopping available provides everything that my family needs. The business centers can be reached in a few minutes on I-15. An interstate dividing the community has some advantages. There are seldom crowds and the service people are accommodating.

**Third**
Many restaurants and fast food centers provide a selection unusual for a city this size. There are many diverse and specialty restaurants; you can have a steak on a rock or stand up sushi!

**Fourth**
The cultural opportunities are vast and varied. Tuacahn amphitheater is a delight to attend. Dixie State University offers a variety of performances. I have been able to see performers that I have wanted to see all of my life. The St. George Tabernacle is a tremendous public facility for a wide variety of subjects — several times a week and free to the public.

**Fifth**
Medical services are more than adequate for most needs. Dixie Regional Medical Center serves as an official Level II Adult Trauma Center. You can receive everything... dental, facial, gynecological, chiropractic, geriatric, and emergency services. Neurosurgery services are now available. The new cancer center, with its new emphasis on precision medicine, is becoming world renowned.

**Sixth**
This is a health conscious community with many opportunities for outdoor and indoor exercise. There are miles of bicycling trails in and out of the city and this attracts national sporting activities. There are IRONMAN triathlons, the St. George Marathon and even world horseshoe competitions.

**Seventh**
The natural resources are phenomenal. Within driving distance, we have five national parks, seven national monuments, two national recreation areas, six national forests and 43 state parks. As an outdoors writer, hunter, and angler, these are major attractions for me. Surprisingly, there are many lakes and reservoirs in the area. Fishing options range from local bass fishing, stream trout fishing, and striped bass at Lake Powell.
**City Activities, Special Events, Recreation Programs & Classes**

### January

#### Program/Events

- **Saturday Morning Mountain Biking**
  - **Date:** January 4 (Saturday; 4-wk)
  - **Time:** 9:00 am–11:00 pm
  - **Fee:** $70/person
  - **Location:** Meet at St. George Recreation Center

- **Learn and Practice Shifting, Braking, and Descending**
  - **Date:** January 7
  - **Time:** 3:50-6:30 pm
  - **Fee:** $60/player- 2 visits/wk;
  - **Location:** Tonaquint Tennis Center

- **Learn to Swim Program**
  - **Session 1**
    - **Time:** 9:00 am–11:00 pm
  - **Fee:** $60/player-	1 visit/wk;
  - **Location:** St. George Recreation Center

- **Adult Lapidary Class**
  - **Date:** January 7 (Tuesdays; 8-wk)
  - **Time:** 5:30–8:30 pm
  - **Fee:** $70/person
  - **Location:** St. George Recreation Center

- **SmART Saturday - Art Class for Kids**
  - **Date:** January 7
  - **Time:** 11:00 am–2:00 pm

#### Other Programs

- **Karate**
  - **Date:** Mondays & Wednesdays
  - **Time:** 6:00–7:45 pm (White/Yellow; 6-wk)
  - **Fee:** $30/month

- **Pottery Wheel- Adult & Kids**
  - **Date:** Tuesdays; 4-wks
  - **Time:** 12:00-3:00 pm; 4:30-6:30 pm
  - **Fee:** $50/person

- **Lapidary**
  - **Date:** January 6-16
  - **Time:** 3:50-6:30 pm
  - **Fee:** $68.00

- **Learn to Swim Program- Session 1**
  - **Date:** January 8 (Wednesday; 4-wk)
  - **Time:** 5:05 pm–5:50 pm
  - **Fee:** $32/youth

- **Lifescan Merit Badge**
  - **Time:** By Appointment
  - **Fee:** $30/player or passes apply

- **Adult & Kids Pottery Wheel**
  - **Date:** January 8 (Saturday)
  - **Time:** 9:00 am–7:00 pm

- **Karate**
  - **Date:** Mondays; 6-wk
  - **Time:** 6:30–7:45 pm

- **Pottery Wheel- Adult & Kids**
  - **Date:** Tuesdays; 4-wks
  - **Time:** 12:00-3:00 pm; 4:30-6:30 pm

- **Lapidary**
  - **Date:** January 6-16
  - **Time:** 3:50-6:30 pm

- **Learn to Swim Program- Session 1**
  - **Date:** January 8 (Wednesday; 4-wk)
  - **Time:** 5:05 pm–5:50 pm

- **Fee:** $32/youth

- **Classification:**
  - **Description:** Classes are designed to teach progressive techniques to beginners through the advanced swimmer. It is our goal to assist students through the lesson sequence at a reasonable pace while maintaining a high standard of instruction. It is not uncommon for a child to repeat a particular level. The Learn to Swim Program follows American Red Cross program guidelines.

- **Mountain Biking Level 2**
  - **Date:** January 8 (Monday; 4-wk)
  - **Time:** 5:30–6:30 pm
  - **Fee:** $56.00

- **Class Description:**
  - **Description:** This class will get you ready to ride the trails in no time. Our skilled bike instructors help make the challenge of mountain biking fun. Learn and practice shifting, braking, and body positioning that will get you ready for roots, rocks, cliffs, and descents. No previous mountain biking experience necessary. Call 435-627-4579 with any questions you have.

- **Adult Lapidary Class**
  - **Date:** January 7 (Tuesdays; 8-wk)
  - **Time:** 5:30–8:30 pm
  - **Fee:** $60/player-	2 visits/wk;
  - **Location:** Tonaquint Tennis Center

- **SmART Saturday - Art Class for Kids**
  - **Date:** January 7
  - **Time:** 11:00 am–2:00 pm

- **Lapidary**
  - **Date:** January 6-16
  - **Time:** 3:50-6:30 pm

- **Learn to Swim Program- Session 1**
  - **Date:** January 8 (Wednesday; 4-wk)
  - **Time:** 5:05 pm–5:50 pm
  - **Fee:** $32/youth

class includes an art lesson and a related project.

Heritage Days
Date: January 11
Time: 2:00 pm
Fee: Free
Location: Southern Utah Historical Society
Description: City of St. George Birthday Celebration. Root beer floats prepared by Dixie Academy home economics and Town City Council members. Free day at the Sand Hollow State Park, Juneau, the Recreation Center, the Art Museum as well as free rides on SunTran.

Youth FUN-damental Basketball
Date: February 10
Time: 6:00-9:00 pm
Fee: $45/child
Location: Dixie YMCA
Description: A six-week program in which the basic skills of basketball will be taught so the kids have a solid foundation upon which to build. Parental participation is required. Registration is now OPEN for girls and boys ages 3-5 years old.

Adult Basketball League
Date: January 13-18
Time: 7:00 pm
Fee: $350/team
Location: TBA
Description: League format includes 8 games and a single elimination tournament. Registration closes January 6 begins January 13.

St. George Art Museum Book Club
Date: January 16
Time: 1:00 pm
Fee: FREE
Location: St. George Art Museum
Description: A monthly program for FREE and enjoy conversations discussing the monthly featured book.

St. George Art Museum Art
Date: January 25
Time: 11:00 am
Fee: $5/person
Location: St. George Art Museum
Description: Visit the museum and enjoy a free family-friendly art project. Congratulations to Sandra Sandberg. 

WINTER Learn to Swim Program-
Sand Hollow Aquatic Center’s
Date: January 13
Time: 3:50-6:30 pm
Fee: $75.00
Location: Sand Hollow Aquatic Center
Description: This program will provide children ages 3-6 years old with basic swimming skills. The program will be held daily and run for 6 weeks.

Adult & Kids Pottery Wheel-
St. George Recreation Center
Date: February 4
Time: 3:50-6:30 pm
Fee: $75.00
Location: St. George Recreation Center
Description: This class is designed for the beginner and intermediate pottery student. Students will learn how to center and will make a mug, bowl, plate, and vase. Intermediate students will work on personal projects and learn advanced techniques such as lidded container, functional, and sculptural. All projects will be glazed and ready for pick up.

City Activites, Special Events, Recreation Programs & Classes
Adult & Kids Pottery Wheel- Monday Night
Date: March 2-4
Time: 6:00-8:00 pm
Fee: $75/person
Age: 9 years-Adult
Location: St. George Recreation Center
Description: This class is designed for the beginner and intermediate pottery student. Beginner students will learn how to make a mug, bowl, plate, and vase.
Intermediate students will learn techniques such as: throwing, shaping, and glazing. Our skilled instructors will help make the challenge of mountain biking fun. Learn and practice shifting, braking, and body positioning that will get you ready for roots, rocks, climbs, and descents. No previous mountain biking experience necessary. Call 435-627-4579 with any questions you have. No class on March 18.

Mountain Biking Level 3
Date: March 4 (Wednesdays; 4-wks)
Time: 3:50-6:30 pm
Fee: $25 per 2-legs (roughly 5-miles each). Kids running an event must be accompanied by an adult. Our skilled bike instructors help make the challenge of mountain biking fun. Learn and practice shifting, braking, and body positioning that will get you ready for roots, rocks, climbs, and descents. No previous mountain biking experience necessary. Call 435-627-4579 with any questions you have. No class on March 18.

Lake to Lake Team Relay & Ultra Challenge
Date: March 7
Time: 7:00 am
Fee: $56.25
Location: St. George Recreation Center
Description: This class will get you ready for the races in our Lake to Lake Team Relay. Our skilled bike instructors help make the challenge of mountain biking fun. Learn and practice shifting, braking, and body positioning that will get you ready for roots, rocks, climbs, and descents. No previous mountain biking experience necessary. Call 435-627-4579 with any questions you have. No class on March 18.

Mountain Bike Spring Break Camp
Date: March 14 (Weekdays;
Time: 3:50-6:30 pm
Fee: $56.25
Location: St. George Recreation Center
Description: This 3-day camp will help your child on the most premier trails southern Utah has to offer! With guided help from our instructors, your child will be able to push themselves and set and achieve their new biking goals! For experienced riders only. Call 435-627-4579 with any questions you have. No class on March 21.

Adult & Kids Pottery Wheel- Wednesday Night
Date: March 4 (Wednesdays; 4-wks)
Time: 6:00-8:00 pm
Fee: $75/person
Age: 9 years-Adult
Location: St. George Recreation Center
Description: Come learn the intricacies of silversmithing and sapphire work! This class is taught in a small group setting to challenge and improve your skills. Call 435-627-4579 with any questions you have. No class on March 18.

Bouldering Level 3
Date: March 5 (Thursday; 3-wks)
Time: 3:50-6:30 pm
Fee: $50/person
Location: Meet at St. George Recreation Center
Description: This class builds on the skills learned in Bouldering Level 2 and climbers will have the opportunity to try more challenging routes. You will be given instruction in a small group setting to challenge and improve their skills. Call 435-627-4579 with any questions you have. No class on March 18.

Mountain Biking Level 2
Date: March 4 (Wednesday; 4-wks)
Time: 3:50-6:30 pm
Fee: $55.25
Location: St. George Recreation Center
Description: This class will get you ready for the races in our Lake to Lake Team Relay. Our skilled bike instructors help make the challenge of mountain biking fun. Learn and practice shifting, braking, and body positioning that will get you ready for roots, rocks, climbs, and descents. No previous mountain biking experience necessary. Call 435-627-4579 with any questions you have. No class on March 18.

Mountain Bike Spring Break Camp
Date: March 14 (Weekdays; 3-wks)
Time: 3:50-6:30 pm
Fee: $56.25
Location: St. George Recreation Center
Description: This 3-day camp will help your child on their screens and connect with nature. Our skilled guides will help teach your kids how to have an appreciation for the natural world through the use of mountain biking. Whether your child is a seasoned rider or a beginner, they are invited to join us for our fun and different theme which includes various learning activities, crafts and games. No previous biking experience necessary. Call 435-627-4579 with any questions you have. No class on March 21.

Sciencepalooza
Date: March 15

City Council
Regularly scheduled city council meetings are held on the first and third
Thursdays each month starting at 5 pm at City Hall (175 East 200 North) unless
otherwise noticed. Work meeting sessions are held on the second, fourth and fifth
Thursdays beginning at 4 pm at City Hall.

Planning Commission
Regularly scheduled planning commission meetings are held on the second and
fourth Tuesdays each month starting at 5 pm at the City Office Building unless
otherwise noticed.

For more information on city services, contact information, and events
please visit the city website at www.sgcity.org.

Everyone living in your home counts.

The census counts every person living in the United States regardless of their country of
origin or immigration status. This includes children and newborn babies, grandparents, friends,
nonrelatives, and everyone who is living or staying with you as of April 1, 2020.

The 2020 Census is safe and confidential.
Responses to the census are safe and confidential. Your information is protected by law and
cannot be shared with other law enforcement agencies—not the FBI, ICE, or even local police.

The 2020 Census is easy and convenient.
The census is available in many languages, including Spanish. You can respond online, by phone,
by mail.

The 2020 Census is important for our community.
Your answers to the 2020 Census will impact funding decisions for the next 10 years for
important local services in our communities, including:

› Schools
› Health clinics
› After-school programs
› Public transportation
› Roads
› School lunch programs
› Playgrounds
› Community centers for seniors
