

PROJECT INFORMATION SIGN

4-9-13 Informational Sign Requirements:

A. Any activity that requires a dust control permit shall install and maintain a project information sign in accordance with the following requirements:

1. The sign shall be installed prior to beginning actual construction activities and initiating any type of earthmoving operations.
2. The sign shall be installed at a prominent location on the property near the main entrance of the construction site. Traffic visibility shall be maintained by placing the sign back from the main ingress/egress location and at any applicable intersection for proper sight triangle clearances.
3. The sign may be removed once final stabilization has been achieved on all portions of the site for which the person is responsible and is approved by the city.

B. The following information shall be displayed on the project information sign with the designated alpha and numeric dimensions (signboards written in longhand are unacceptable):

Sign Size	48" H X 48" W
DEVELOPERS NAME	4" Upper Case Bold Letters
PROJECT NAME PERMIT NUMBER	4" Upper Case Bold Letters 4" Bold Numbers
FOR DUST CONCERNS CONTACT	6" Upper Case Bold Letters
Office Phone Contact ###-###-#### Cell Phone Contact ###-###-####	4" Bold Numbers 4" Bold Numbers
IF NO RESPONSE CONTACT CITY OFFICE AT 435-627-4000	3" Upper Case Bold Letters 3" Upper Case Bold Numbers

1. The project information text height shall be a minimum as shown on the template above, and must contrast with lettering, typically black text with white background.
2. The lower edge of the signboard must be a minimum of three feet (3') and a maximum of five feet (5') above grade. (Ord. 2007-12-005, 12-6-2007)
