Maintenance: Cemetery staff provides regular cleaning, turf care, raising and leveling of monuments and markers. Health and safety considerations will prevail in the determination of priorities.

Clearing of temporary memorials occurs three times a year; the week of the 2nd Monday in January, the week of the 3rd Monday after Memorial Day, and the week of the 1st Monday of October. At this time, temporary memorials will be removed and disposed of. Each periodic clearing will be announced on the City's website, in the City's utility bills, and on-site signage.

Monument/Grave Markers: Monument and grave markers will be installed by private firms. The Sexton's office must receive a minimum of twenty-four (24) hours notice before installation. Installers are responsible for the removal of all excess debris and must restore the lot to its original condition. Patrons are responsible for removal and re-installment of any marker or monument deemed oversized by cemetery staff.

St. George City Cemetery: Upright monuments are allowed only in Plats A & B. No upright monuments are allowed in a lot within ten feet of a driveway or tree.

Parking is permitted on the internal roads and curbside on external roads. No vehicles permitted after dark.

Tonaquint Cemetery: Veteran monuments and grave markers must be placed directly east of the single or double monument on the Veteran's lot. Upright monuments are allowed in designated rows.

The speed limit within the Cemetery is 15 m.p.h. Parking is restricted to designated parking spaces along the roads. No vehicles permitted after dark.
