

## MAINTENANCE

The cemetery staff provide maintenance and care of the garden and markers. The garden will be cared for using proper horticultural techniques.

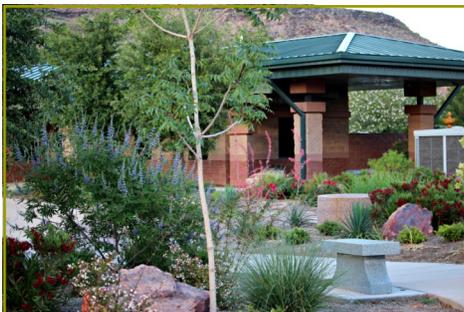

The Cremation garden appearance and aesthetic feel will not allow for decorations or temporary memorials.

## MONUMENT AND GRAVE MARKERS

Monuments and grave markers will be installed by private firms or cemetery staff. The Sexton's office must receive a minimum of twenty-four hours notice of installation. Installers are responsible for the removal of all excess debris and must make reasonable efforts to restore the area to its previous condition.

*Only markers approved by the St. George Cemetery will be allowed.*

# Cremation Garden

The St. George City cremation garden offers an alternative to traditional burial. The cremation garden is a carefully landscaped garden reserved for the remains of loved ones, and offers a beautiful place for remembrance.

The garden is designed with water features and art work throughout. Seasonal plantings of annual flowers add to the reverent feel. Benches allow for reflection and prayer. The garden changes throughout the year with floral interest in all four seasons.
